#2018
EVERYTHING IN
Bathrooms

We at Roca have spent over one hundred years assisting families and writing the story of their homes with them. A story that has become our own, being a part of the drive that allows us to look ahead with optimism offering customised proposals for each individual.

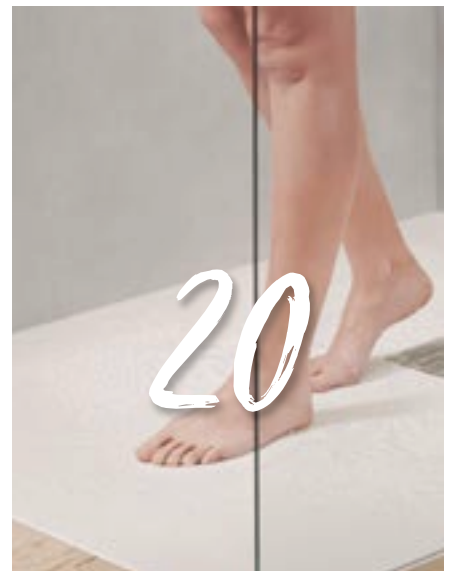

Today, all of us at Roca take the best of our past to write our present and face our future. With this spirit we present the new bathroom collections Carmen and Beyond, while at the same time we confirm the solid commitment of our brand to lead the revolution of personal hygiene thanks to the In-Wash® Roca, the WC that cleans you with water.

Solutions for the shower space and bathroom furniture and faucet proposals, as diverse as the needs of each individual or each family, complete this new issue of our magazine. A new issue that strengthens our commitment to the improvement of the life of all bathrooms, moving forward by your side, as always.

PRODUCT SELECTION

All the necessary information to decide the design of your bathroom

Join the smart flow

In-Wash®

Smart cities, home automation, telephones with facial recognition. The moment has come for technology to be applied in the bathroom, bringing you new levels of hygiene and comfort. You still haven't heard of In-Wash®?

L90 bath faucet p. 60
IN-WASH® wall-hung WC p. 49
INSPIRA base unit and basin p. 49
NAIA basin faucet p. 61
PRISMA mirror p. 55
PONIENTE wall tiles
MOMENTUM floor tiles

Life with In-Wash®

Roca's new WC finds its place in homes offering a revolutionary hygiene and comfort experience.

1. Guest bathroom. Wall-hung In-Wash®. 2. En suite bathroom. Floorstanding In-Wash®.
3. Main bathroom. Floorstanding In-Wash®. 4. Office bathroom. Wall-hung In-Wash®.

The images that appear in this article show real bathrooms featuring an In-Wash®, but the identity of the implied individuals is protected under the Organic Law of Personal Data Protection, and therefore these are fictitious portraits. Any resemblance to real people is merely a coincidence.

*"It is so easy that you learn how to use it
in no time"*

The interface of the remote control of In-Wash® is so simple that just by trying it once you perfectly understand how it works. Moreover, the WC also features a side panel that allows you to easily control the basic functions, without having to use the remote control.

“We had not heard of this type of WCs, but now we have tried it we feel 100% safe... and clean”

In-Wash® features a presence sensor that blocks the washing and drying functions when the seat is empty. Moreover, its retractable nozzle cleans itself before and after each use and the water that reaches it is filtered before being used.

“Thanks to its design, it was very easy to make room for it in our bathroom”

Its soft curves, its minimalistic design and simple geometry turn it into a product that easily adapts to any interior design. Furthermore, the water and power supply may be installed behind the WC so as to eliminate any cables or wires around it.

Unlimited edition

Beyond

When you take care of every detail, when you strive for excellence, when you do every possible thing to make your dreams come true, there are no limits. If you always want to go beyond, we have created a collection that will turn your bathroom into the place you always dreamt of.

EXPECT IN

DECK-T shower column
OCTOBER floor tiles

Designed with the best materials

The interplay of volumes defines one of Roca's most exclusive vitreous china and furniture collections. Proof of its quality are the latest materials used in its WCs, basins, bath, seat and cover.

► RIMLESS

WCs

Optimized design for maximum hygiene

Easier to clean: Smooth and joint-free inner walls

More hygienic: Uniform water distribution across the entire bowl

Splash-free: Designed to prevent water from exceeding the rim of the bowl

More eco-friendly: Dual flush system 4.5/3 litres

► FINECERAMIC®

Basins

New high quality ceramic material, exclusive from Roca

More precise: Fine and defined walls

Lighter: 40% lighter than conventional basins

More resistant: 30% harder and more consistent

Easier to clean and resistant to abrasive products: 100% ceramic

► SUPRALIT®

Seats and covers

New exclusive resin, registered by Roca

More durable: 12% more resistant to chemical products and to yellowing

More hygienic: Antibacterial material, 4 times less porous

Easier to clean: Surface with soft and rounded angles

Safer and more silent: Hinges with soft-close system

A woman with dark hair in a bun, wearing a yellow sleeveless dress with a white collar, stands in a bathroom. She is holding a framed picture of a landscape. The bathroom has white subway tiles, a window with a view of a building, and a bathtub. The text 'Live it again' is overlaid in a white script font.

Live it again

Carmen

Return to a time when elegance was a way of life, when dancing alone was not an option, when design defined eternal lines. Roca recovers the soul of a classic in a vintage collection with the latest technology in the design of bathroom spaces.

EXPECT IN
2018

A practical, aesthetic and comfortable shower

Shower space

How much time do you devote to showering? Do you usually sing in the shower for hours or do you prefer to take a quick shower? Regardless of how you are, at Roca you will find different faucet and shower enclosure solutions so that you can choose the one that best adapts to your needs.

We present different options...

MONODIN-N faucet p. 62
STELLA shower set p. 70

NAIA faucet p. 61
PLENUM shower kit p. 70

1 THE SIMPLEST OPTION... AND THE MOST AFFORDABLE ONE

Install a shower set, consisting of a wall support and a hand-shower. If you install the support in a high position, it will serve as a shower-head and will allow you to have your hands free while you shower. Simple yet practical. Just what you need to enjoy a proper shower.

See more shower sets on pp. 70

2 A MORE COMPREHENSIVE ALTERNATIVE

Choose a shower kit, which includes a shower bar with an adjustable support and a hand-shower. The height of the shower can therefore be adjusted accordingly. Moreover, some models include a soap holder in order to have everything you need within reach.

See more shower kits on pp. 70

...to design your ideal shower solution

EVEN-M shower column p. 66

ESSENTIAL shower column p. 67

3 THE ALL-IN-ONE

Choose a shower column that includes everything in one single piece: wall-mounted mixer (thermostatic, twin-lever or single-lever), slide bar with height adjustable holder and integrated shower-head. The most comprehensive solution to enjoy the perfect shower.

See more shower columns on pp. 64-66

4 MAXIMUM COMFORT

Go for a thermostatic shower column with hydromassage that, apart from integrating all components of a conventional shower column, includes jets that reduce stress and improve blood circulation. Comfort in its purest form.

See more hydromassage columns on p. 67

Great looks, enhanced safety

Stonex®

Imagine a material that replicates the touch of nature. Imagine safe surfaces that allow you to move freely. Stonex® revolutionizes the way we conceive shower trays, combining design and safety in a wide range of textures and colours.

Antislip

Its textured finish provides the product with a marked antislip feature that guarantees the maximum safety in the shower.

Extraslim

Stonex® enables the manufacturing of extraslim pieces that can be installed built-in, allowing a perfect integration with all other elements in the bathroom.

Durable

Due to their exclusive formulation, the Stonex® shower trays are extremely durable, keeping their original colour over the years.

EASY
CLEANING

STAINLESS
STEEL

HIGH FLOW
DRAIN

TERRAN

The Terran shower trays can be installed without frame, giving priority to a minimalistic look and a reduced height or rather opting for greater depth thanks to the frame.

*Small changes,
great results*

Faucets

The day will come when you will have to change the faucets at home or install new ones when you move into a new home. As faucets define the style of a bathroom, at Roca we have a catalogue of models and features that will surely suit your needs.

Personalities you fall in love with

Rivals in terms of shape, partners at heart.
Opposed and exclusive designs, full of character, for bathrooms with a unique style.

► MONODIN-N

Soft curves and rounded shapes intermingle in a design that commits to simplicity without disregarding beauty.

▼ L90

A sequence of angles, straight lines and planes in a singular style proposal, specially recommended for those who love design inspired by urban life.

The beauty of practicality

Functionality and aesthetics. Theoretically, two opposites. In practice, two partners that join to create attractive designs that bring a fresh look to the bathroom.

▶ NAIA

Character and sophistication join in a proposal with a minimalistic design, based on the perfect combination of cylindrical and rectangular geometrical shapes.

▼ ATLAS

Like a reverse reflection, the spout and handle double their outlines with rounded edges, creating a design with proportionate volumes and a compact spirit.

A high-angle photograph of a modern bathroom vanity with two white sinks. A woman in a pink shirt is kneeling on the floor, organizing toys in an open white drawer. A young boy in a blue and white striped shirt is standing next to her, also looking at the toys. The vanity has a large mirror above it, and a white towel hangs on a rack to the right. The floor is made of light-colored wood-look tiles.

Define your lifestyle

Furniture

As every home has a different view of the world, at Roca there is a furniture collection that suits the character and needs of every home. Different styles, storage capacity, connectivity or intelligent design are some of the proposals to make your life easier.

The latest trends

Present designs, past details and tomorrow's technologies define the latest ideas in bathroom furniture.

► STRATUM

Bluetooth® speakers, built-in socket and interior light for the most technological experience ever.

Basins, the real stars of the bathroom

The furniture units with basins on the countertop provide an additional touch of design to the ensemble.

► INSPIRA

Basins in Fineceramic® in three available shapes – Round, Soft and Square-.

What really matters is on the inside

Everyone's things need their space in the bathroom and they have finally found it.

VICTORIA-N ◀

It stands out for its storage capacity and its integrated handles, but it also provides the option of oval or square basins.

PRISMA

Small objects are neatly stored in a safe place in its concealed drawer.

DEBBA

Thanks to its space saving syphon, the drawers are deeper and have therefore greater storage capacity.

There are no small bathrooms

Choose the right base unit and gain space in any bathroom.

► DEBBA COMPACT

Reduced depth and two drawers or doors to offer storage space in any bathroom, whether small... or not.

▼ MINI

Its reversible door allows users to change the opening direction from right to left, ensuring an easy adaptability to any space.

BATHROOM COLLECTIONS

W+W

Roca's exclusive solution that combines basin and toilet in one single element. Apart from saving space, this model meets maximum sustainability criteria as it filters the water from the basin to reuse it in the toilet.

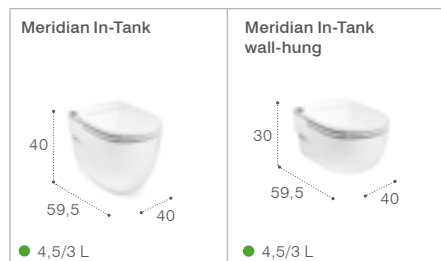

Available in white. Dimensions in cm.

In-Tank

The first toilet that does not require the installation of a cistern as the water tank is integrated in the bowl. An air injection system pushes the water from the tank towards the upper part of the bowl, thus providing a highly effective flush.

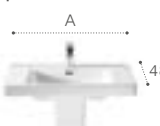

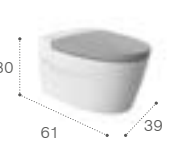

Available in white. Dimensions in cm.

Carmen

Live it again

There was a time when people mastered dance moves.
When dressing fancy was a cool idea.
When a good design lasted for decades.
All those days are now. Live it again!

Carmen, The New Vintage Roca Collection.
Designed in 1946, improved with the best of today.
